EDUCATION

Beijing University of Chemical Technology – B.E. Computer Science Sep 2021 - Jun 2026

Awards: First Prize in "Challenge Cup" Beijing Competition (2025), National Second Prize in Computer Skills Challenge (2024), Second Prize in iCAN Competition Beijing Region (2024).

Beijing University of Chemical Technology – M.E. Chemical Engineering Sep 2026 - Jun 2029

Recommended admission (graduate exam exemption). Research: Computer Vision-based Bubble Tracking for Water Electrolysis.

TECHNICAL SKILLS

- **Languages:** Python, C/C++, Java, Shell, SQL
- **AI/DL:** PyTorch, RAG, Prompt Engineering, Dify, Multi-Agent Systems
- **Frameworks:** FastAPI, React, Flask | **Tools:** MySQL, MongoDB, Git, Linux
- **Expertise:** LLM Applications, Computer Vision, Private Deployment, Multimodal Processing

PROJECT EXPERIENCE

PCBTool.AI – Intelligent PCB Design System, *Algorithm Lead* 2025 - Present

- Built multimodal intelligent system using LLMs and RAG, supporting natural language and circuit diagram inputs; auto-generates documentation, deployment guides, and PCB layouts.
- Led Dify framework private deployment; improved LLM response accuracy by **40%+** through multi-Agent collaboration and prompt engineering.
- **Result:** Won **First Prize** in "Challenge Cup" National Competition Beijing Region.

ROBOT-XZC Technical Services, *Founder/Tech Lead* 2023 - Present

- Built campus technical service platform; completed **2000+** repairs and 3D printing services with 95%+ satisfaction.
- Conducted **100+** robotics and 3D printing training sessions, covering **1000+** participants.
- Developed dual-driven model (repair profit + hardware R&D); achieved monthly revenue of 8,000 RMB.

CAMPUS INVOLVEMENT

BUCT North Campus Affairs Office, *Official Photographer* 2023 - 2025

- Led photography for major events and VIP visits; created promotional content for official media.
- Produced "First Photo" orientation videos achieving **100,000+** views on official platforms.

HONORS & AWARDS

- First Prize, "Challenge Cup" AI Competition (Beijing), 2025
- National Second Prize, Computer Skills Challenge, 2024
- Provincial Second Prize, Lanqiao Cup Software Competition, 2023
- National Excellence, Innovation Training Program (Body Area Network Health Monitor), 2023
- Second Prize, iCAN Innovation Competition (Beijing), 2024
